

ALL NEW!

Media Available

#692DD/6924P (Video – DVD or MP4) . . . \$1,095

- 23 DVDs or 3 MP4 data discs, with carrying case
- 1 CD-ROM Syllabus
- Posttest and online evaluation

#692AUP (Additional User Package). \$250

Earn credits at a fraction of the cost of the entire program. Additional User Packages (AUPs) are available so that you and your colleagues can earn *AMA PRA Category 1 Credit*™ from one set of DVDs or MP4s at a fraction of the cost of the entire activity. Each AUP includes a comprehensive syllabus on CD-ROM and a CME credit package, but does not include DVDs or MP4s. CME credit is obtained upon successful completion of the post activity assessment. The \$30 processing fee must accompany the completed application. AUPs may be purchased now or at any time after your initial order. Shipping and handling for AUPs is waived when they are ordered at the same time as the activity.

#692ZS (Program Syllabus in Print) \$75

Printed copy of the comprehensive program syllabus. Available only with purchase of one of the above formats.

Return Policy & Guarantee

Our commitment at CMEinfo is to satisfy our customers with the highest-quality products and service. In order to fulfill this mission, we are happy to allow you 15 days from the time you receive the product to determine whether it meets your educational needs. If you are not satisfied, we will accept returns and provide refunds within that period. Each returned program is subject to a \$50 restocking fee, which includes inspection of the product. Shipping and handling charges are not refundable. All cancellations must be in writing, and no refunds will be provided after the 15-day window unless the product is proven to be defective. Credit cannot be granted on any educational activity that is returned/cancelled. We guarantee your activity against defects in materials. Return any defective materials, and we will replace them free of charge.

ALL NEW VIDEO RELEASE!

Pathology Board Review Course

CMEinfo offers the following advantages of home study programs

- Learn from experts at your own pace, in the comfort of your home or office
- Pay no travel costs and take no time away from your practice
- Select the lectures that *you* want and make the most of *your* time
- Start, stop, and repeat lectures at your convenience

Meet your continuing education needs with convenient and time-saving formats

This all new activity in pathology features a select group of speakers from leading U.S. academic pathology institutions

A unified review that emphasizes major topics included in the pathology exams, incorporating key developments

Pathology Board Review Course

For fastest service, order through our website at www.cmeinfo.com/692

ACTIVITY DIRECTOR

Ivan Damjanov, MD, PhD
Professor of Pathology
The University of Kansas
School of Medicine
Kansas City, Kansas

Dr. Damjanov is a diagnostic pathologist, scientist, and the author of many medical textbooks. Recognized nationally as an outstanding educator, editor, and author, Dr. Damjanov has received several awards for teaching, including the Third Tom Ken Award of the Group on Research in Pathology Education. He served and still serves on the Editorial Board of several leading Pathology journals and was the co-editor of the *10th Edition of Anderson's Pathology*. Among others he also published the most popular book *Pathology Secrets* and co-edited the *Rosai-Ackerman's Surgical Pathology Review*.

Pathology Board Review Course

Program Description

The Oakstone Institute's *Pathology Board Review Course* is a comprehensive survey of current concepts and standards in pathology. This activity is an in-depth review, and provides pathologists and pathologists-in-training with current, relevant, and condensed information needed to pass certification, recertification, and maintenance of certification exams. It is also valuable if you are simply looking for a great way to keep up with key developments in pathology. A concise format means it will focus only on what is necessary to pass the exam and stay current. More than 15 leading edge presentations are delivered by faculty selected for their outstanding teaching methods and expertise in targeting 'must-know' areas.

Target Audience

This activity is intended for pathologist or pathologist-in-training.

Program Objectives

After viewing this activity, participants should be able to:

- Discuss relevant scientific and clinical information necessary to prepare for the American Board of Pathology Certification and Recertification examinations including principles of anatomical and clinical pathology
- Exhibit core competencies in pathology as outlined in the American Board of Pathology Maintenance of Certification Process
- Apply strategies for studying for the ABPATH examinations and review high-yield topics in question form
- Demonstrate an increased comprehension of the current standards and concepts practiced in pathology

**Study in your home or office
and eliminate travel costs.**

Accreditation Statement Oakstone Medical Publishing is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement Oakstone Medical Publishing designates this educational activity for 33.75 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Pathology Board Review Course is certified for *AMA PRA Category 1 Credits™* and is acceptable as part of a comprehensive lifelong learning (CME) program, a necessary component of maintenance of certification.

Date of Original Release: November 1, 2009
Date of Credit Termination: November 1, 2012

CME credit is obtained upon successful completion of a post activity assessment. A \$30 processing fee must accompany the completed post activity assessment.

Topics & Speakers

GENERAL PATHOLOGY

Cheryl Hanau, MD

- Cell Injury, Inflammation, Repair
- Hypersensitivity, Autoimmune Disease, Immune Deficiency Syndromes
- Immunohistochemistry
- Electron Microscopy
- General Pathology Q&A

ANATOMIC PATHOLOGY - TUMOR PATHOLOGY

Andre Kajdacsy-Balla, MD, PhD

- Tumors of the Head and Neck
- Tumors of the Lung
- Tumors of the Gastrointestinal System
- Tumors of the Male and Female Urogenital System
- Tumors of the Endocrine System
- Skin Tumors
- Tumors of the Bone and Soft Tissue
- Tumors of the CNS
- Anatomic Pathology – Tumor Pathology Q&A

ANATOMIC PATHOLOGY – NON-NEOPLASTIC DISEASES

Marina Mosunjac, MD

- CNS/Neuropathology
- Pulmonary Pathology
- Cardiovascular Pathology
- Liver
- GI Tract
- Placental Pathology
- Female Genital Tract
- Endocrine Pathology
- Kidney Pathology
- Anatomic Pathology – Non-neoplastic Diseases Q&A

CYTOPATHOLOGY

Fang Fan, MD, PhD

- Pap Smear (Cervical and Vaginal Cytology) - Squamous Lesions, Glandular Lesions, Quality Control, and Quality Assurance
- Non-gyn Cytology - Respiratory Tract, Urine, and Bladder Washings, Effusions and Peritoneal Washings, and Cerebrospinal Fluid
- Fine-needle Aspiration Cytology – Breast, Thyroid, Salivary Gland, Lymph Nodes, Liver, Pancreas, Kidney, and Adrenal Gland
- Cytopathology Q&A

SPECIAL SESSION

Ivan Damjanov, MD, PhD

- Histopathology Slide Review

HEMATOLOGY INCLUDING COAGULATION DISORDERS

Fred Lucas, MD

- Pathology of Red Blood Cells
- Pathology of White Blood Cells
- Pathology of Coagulation
- Hematology including Coagulation Disorders Q&A

BLOOD TRANSFUSION

Sally A. Campbell-Lee, MD

- Blood Donation and Blood Components
- Pre-transfusion Testing
- Transfusion Reactions and Clinical Transfusion Medicine
- Blood Transfusion Q&A

CLINICAL CHEMISTRY

Nikola Baumann, PhD

- Laboratory Operations: Methods, Statistics, and Quality Management
- Lipids, Proteins, and Enzymes
- Water, Electrolytes, and Acid-Base Metabolism
- Endocrine Disorders and Hormones
- Clinical Toxicology and Therapeutic Drugs
- Clinical Chemistry Q&A

MOLECULAR BIOLOGY

Michael Datto, MD

- Medical Genetics and Inherited Diseases
- Neoplastic Molecular Pathology
- Molecular Biology Q&A

MICROBIOLOGY

William M. Janda, PhD, D (ABMM)

- Bacterial Infections
- Viral Infections
- Fungal Infections
- Parasitic Infections

MANAGEMENT, QUALITY ASSURANCE, AND ORGANIZATION OF THE LABORATORY

Stephen S. Raab, MD

- Logistics of Laboratory Planning and Management
- Quality Assurance
- Organization of Laboratory Services
- Management, Quality Assurance and Organization of the Laboratory Q&A

ACTIVITY FACULTY

Nikola Baumann, PhD

Director of Clinical Chemistry Laboratory
Assistant Professor of Pathology
University of Illinois at Chicago, Chicago, IL

Sally A. Campbell-Lee, MD

Assistant Professor
Department of Pathology
Director, Transfusion Medicine
University of Illinois at Chicago, Chicago, IL

Michael Datto, MD

Director DUHS Clinical Molecular Pathology
Duke University, Durham, NC

Fang Fan, MD, PhD

Director of Cytopathology
Associate Professor
Department of Pathology
The University of Kansas
School of Medicine, Kansas City, KS

Cheryl Hanau, MD

Professor and Staff Pathologist
Drexel University, Philadelphia, PA

William M. Janda, PhD, D (ABMM)

Professor of Pathology,
Microbiology, and Immunology
Director, Clinical Microbiology Laboratory
Department of Pathology
University of Illinois at Chicago, Chicago, IL

Andre Kajdacsy-Balla, MD, PhD

Professor and Director
of Transdisciplinary Pathology
Department of Pathology
University of Illinois at Chicago, Chicago, IL

Fred Lucas, MD

Associate Professor and
Director of Surgical Pathology
University of Cincinnati, Cincinnati, OH

Marina Mosunjac, MD

Director of Surgical Pathology at
Grady Memorial Hospital
Emory University
Department of Pathology, Atlanta, GA

Stephen S. Raab, MD

Professor, Department of Pathology
University of Colorado
School of Health Sciences, Denver, CO
