

Course Schedule (subject to change)

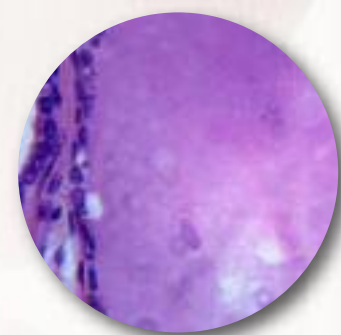

Pathology

2011 BOARD REVIEW COURSE

March 16-20, 2011
Atlanta Marriott Century Center

The course will be divided into two major parts.

The first two days will cover Anatomical Pathology and offers a FREE optional Histopathology Slide Review the second evening. The last three days will be devoted to Clinical Pathology.

ANATOMICAL PATHOLOGY

WEDNESDAY, MARCH 16, 2011

7:00	REGISTRATION AND BREAKFAST
7:45	General Pathology by Dr. Cheryl Hanau Part I: Cell Injury, Inflammation, Repair Part II: Hypersensitivity, Autoimmune Disease, Immune Deficiency, Immunohistochemistry
9:45	BREAK
10:00	General Pathology Continued by Dr. Cheryl Hanau Part III: Electron Microscopy
11:00	Interactive Q&A with Audience Response System by Dr. Cheryl Hanau
12:00	LUNCH BREAK
1:00	Anatomic Pathology - Tumor Pathology by Dr. Husain Sattar Part I: Tumors of the Head and Neck Part II: Tumors of the Lung Part III: Tumors of the Gastrointestinal System
3:00	BREAK
3:15	Anatomic Pathology - Tumor Pathology Continued by Dr. Husain Sattar Part IV: Tumors of the Male and Female Urogenital System Part V: Tumors of the Endocrine System Part VI: Tumors of the Bone and Soft Tissue
4:15	Interactive Q&A with Audience Response System by Dr. Husain Sattar
5:15	ADJOURN

THURSDAY, MARCH 17, 2011

7:00	REGISTRATION AND BREAKFAST
7:45	Anatomic Pathology – Non-neoplastic Diseases by Dr. Marina Mosunjac Part I: CNE/Neuropathology Part II: Pulmonary Pathology Part III: Cardiovascular Pathology Part IV: Liver Part V: GI Tract
9:45	BREAK
10:00	Anatomic Pathology – Non-neoplastic Diseases Continued by Dr. Marina Mosunjac Part VI: Placental Pathology Part VII: Female Genital Tract Part VIII: Endocrine Pathology Part IX: Kidney Pathology
11:00	Interactive Q&A with Audience Response System by Dr. Marina Mosunjac
12:00	LUNCH BREAK
1:00	Cytopathology by Dr. Fang Fan Part I: Pap Smear (Cervical and Vaginal Cytology) - Squamous Lesions, Glandular Lesions, and Quality Control and Quality Assurance Part II: Non-gyn Cytology - Respiratory Tract, Urine and Bladder Washings, Effusions and Peritoneal Washings, and Cerebrospinal Fluid
3:00	BREAK
3:15	Cytopathology Continued by Dr. Fang Fan Part III: Fine-needle Aspiration Cytology – Breast, Thyroid, Salivary Gland, Lymph Nodes, Liver, Pancreas, Kidney, and Adrenal Gland
4:15	Interactive Q&A with Audience Response System by Dr. Fang Fan
5:15	BREAK
5:30	FREE! Histopathology Slide Review (optional) by Dr. Ivan Damjanov
7:00	ADJOURN

CLINICAL PATHOLOGY

FRIDAY, MARCH 18, 2011

7:00	REGISTRATION AND BREAKFAST
7:45	Hematology Including Coagulation Disorders by Dr. Fred Lucas Part I: Pathology of Red Blood Cells Part II: Pathology of White Blood Cells
9:45	BREAK
10:00	Hematology Including Coagulation Disorders Continued by Dr. Fred Lucas Part III: Pathology of Coagulation
11:00	Interactive Q&A with Audience Response System by Dr. Fred Lucas
12:00	LUNCH BREAK
1:00	Blood Transfusion by Dr. Sally A. Campbell-Lee Part I: Blood Donation and Blood Components Part II: Pre-transfusion Testing
3:00	BREAK
3:15	Blood Transfusion Continued by Dr. Sally A. Campbell-Lee Part III: Transfusion Reactions and Clinical Transfusion Medicine
4:15	Interactive Q&A with Audience Response System by Dr. Sally A. Campbell-Lee
5:15	ADJOURN

SATURDAY, MARCH 19, 2011

7:00	REGISTRATION AND BREAKFAST
7:45	Clinical Chemistry by Dr. Nikola Baumann Part I: Laboratory Operations: Methods, Statistics, and Quality Management Part II: Lipids, Proteins, and Enzymes Part III: Water, Electrolytes, and Acid-Base Metabolism
9:45	BREAK
10:00	Clinical Chemistry Continued by Dr. Nikola Baumann Part IV: Endocrine Disorders and Hormones Part V: Clinical Toxicology and Therapeutic Drugs
11:00	Interactive Q&A with Audience Response System by Dr. Nikola Baumann
12:00	LUNCH BREAK
1:00	Molecular Biology by Dr. Michael Datto Part I: Medical Genetics and Inherited Diseases Part II: Neoplastic Molecular Pathology
3:00	BREAK
3:15	Molecular Biology Continued by Dr. Michael Datto Part II: Neoplastic Molecular Pathology Continued
4:15	Interactive Q&A with Audience Response System by Dr. Michael Datto
5:15	ADJOURN

SUNDAY, MARCH 20, 2011

7:00	REGISTRATION AND BREAKFAST
7:45	Microbiology by Dr. William Janda Part I: Bacterial Infections Part II: Viral Infections
9:45	BREAK
10:00	Microbiology Continued by Dr. William Janda Part III: Fungal Infections Part IV: Parasitic Infections
11:00	Interactive Q&A with Audience Response System by Dr. William Janda
12:00	LUNCH BREAK
1:00	Management, Quality Assurance and Organization of the Laboratory by Dr. Stephen S. Raab Part I: Logistics of Laboratory Planning and Management Part II: Quality Assurance
3:00	BREAK
3:15	Management, Quality Assurance and Organization of the Laboratory Continued by Dr. Stephen S. Raab Part III: Organization of Laboratory Services
4:15	Interactive Q&A with Audience Response System by Dr. Stephen S. Raab
5:15	ADJOURN

SAVE \$200 off your registration!

Offer expires December 15, 2010

Program for Physicians Discounted Price \$795

Price \$995 after December 15, 2010

Program for Residents/Fellows Discounted Price \$495

Price \$695 after December 15, 2010

Video of Conference Lectures \$300 DVD and MP4 Regular price \$1,095.

Price for registered course attendees only and discount expires March 15, 2011.
